			As a Business analytics student I suggest that along with the programming languages like R and Python, Advance Excel and Power BI tools should include in the curriculum as most industries are using those tools
2	COMPUTER	Alumni	No sports facility and cultural events
			Should conduct interview and coding event
			Latest Fullstack books are not available in the library so please add them then we use it.
			To keep dustbins in the toilet
			Drinking water in hostel and increasing sports facilities
			Add some new courses in syllabus to get job opportunity for students
			Canteen should be more good , washroom should be more clean and with more good facilities , teachers should teach each student according to their grasping power , support from teachers for extra curricular and cultural activities also should be there , and placement preparation programs and opportunities Should be increased
		Students	Need to improve the library based on the needs, preferences, and convenience of the students.
		Students	Conferences, seminars, presentations should be mandatory, with student paper presentations. Also more focus should be on practical implementation of ongoing latest technology or how to use it.
		Students	While teaching softwares please teach practicals in the way of usable in any analysis rather than only basics
Students	Arrange monthly workshop to explore latest technology that will help to know real world practices in IT		
Students	1) More Industrial level examples rather than book examples. 2) Inculcating group assignments ,sessions or games more to increase soft skills, interpersonal and intrapersonal skills among teammates. 3) Enhancing brain power and strength through some cognitive games , coding games, sessions, etc.		
3	SOCIAL WORK	Alumni	Concentrate on Placements/ campus for students
			Field work should be enhanced and improved.
			Improve democratic practices inside campus
4	ENV(MBA/MSc)	Alumni	Please change the setting arrangements in
			conduct more placement for our future opportunity in this field.

			Need to improve environment syllabus and develop other new options for specialisation.
		Students	It's important as per hygiene purpose cleaning of washroom, and see the availability of water in washroom More placement should be helpful for students as students are not aware of some MNC's . Industrial visits should be more Apart from Kolhapur and nearby area. We can involve students into environmental campaign if possible. Extra campus on job
5	COMMERCE	Alumni	Build a gym or fitness center Each and every department should be looked as same weightage ... Not only priority should be given for MBA
		Students	Use of ppt presentation in teaching
6	ECONOMICS	Alumni	More focus should be on the subjects which industry demanding For M.Sc QE- I will suggest, please add Certificate course in Data Science. It will cover Big Datta Analysis, Blockchain, Detailed Python, AI and many more which is very important for current job market requirements.
		Students	Get a placement from a reputable company Add more sport activities Career Development Sessions should be arranged More focus on Practical sessions
7	RESEARCH	Alumni	Digital document access through VPN need to be provide to students Final Question Paper can be reduced to MCQ for some part if possible 1. Provide full scholarships to M. Phil programs 2. Provide 100% campus interview drive to M. Phil student Change the Behavior of peon In the college office (fees collection and scholarship schemes guidance), behaviour with students should improve by these staff. Placements to be improved
		Students	M. Phil students need proper attention and there should be opportunities for teaching in your institute or at least they should be given a chance to show that they have in them to teach and welcome new and fresher's with opportunity
