Seminar Overview

With businesses focusing on generating profits, Corporates and multinationals are also urged to play a vital role towards sustainable community development through their mandated responsibilities under the section 135 of the Indian Companies Act 2013. Although most people appreciate the recent advancement of CSR, some argue that corporations are still not doing enough or are only acting in self-interest. Hence the focus of the seminar is to understand the true CSR strategies adopted by some of the renowned corporations and also to appreciate their contribution of community development.

This seminar provides a potential answer to the sort of external help that can give rise to the social responsibilities of the corporate houses which are actively involved in the upliftment of the poor. Further, this seminar would throw light on facilitating the development processes by ensuring peoples involvement on public spending and partnership with private players for triumphing inclusive development of the society.
