

VISION AND MISSION STATEMENTS OF CSIBER

VISION

To Be An Institute of First Choice of The Students

MISSION

1. To provide professional education and training to students in general and particularly those from and around Southern Maharashtra which is predominantly rural.
2. To provide facilities and training to teaching and research community in higher and professional education.
3. To promote confidence and motivate faculty and staff to efficiently address the expectations of the student community and society at large.
4. To equip the student community, through academic autonomy to face future challenges.
5. To inculcate the spirit of dignity of the individual, excellence and service.

DIRECTOR'S REPORT

Dear Friends,

I take pleasure in presenting this Annual Report – 2017-18. We at CSIBER strive to be benevolent in all the academic pursuits carried out on the Institute's campus. This annual report is the reflection of our CSIBER family members who work with all the dedications and religiousness. The corporate values taught in the class is being exhibited in this annual report in the form of achievements of the faculty and the students. Our teaching faculty inspire the students to get involved in the learning process as well excel themselves in the co curricular and extracurricular activities. Hosting of cultural events is a regular feature of CSIBER. Being Autonomous has helped us a lot to introduce new subjects at various courses, improve upon teaching pedagogy and experiment with new ideas to make the teaching learning process more effective. The research work carried out by our faculty is commendable. The present annual report highlighting all our activities and achievements shall remain as a benchmark for future.

1) Introduction:

Chhatrapati Shahu Institute of Business Education & Research Trust, Kolhapur was established in the year 1976 by Prof. Dr. A.D. Shinde, renowned Chartered Accountant and the then Dean of Commerce Faculty, to cater the needs of professional education in Kolhapur, Satara, Sangli Districts of Maharashtra and the border areas of neighboring states.

2) Aims and Objectives of the Trust:

- a) To propagate secular education at post graduate and under-graduate level in Commerce, Management, Computer, Education, Social Sciences, Technical, Agricultural & others.
- b) To inculcate and advance research among all types of education streams.
- c) To provide substantial facilities to the students in the form of teaching, library, residential, co-curricular, extracurricular, sports etc. for the development and enhancement of the complete personality of the student's community.
- d) To induct such courses as would help to improve rural commerce and life in general, such as Agri-Business Management and Rural Development, Agro-Economics and Farm Management and other allied subjects.
- e) To start such institutions in the rural areas that would help in the growth and development of the areas.
- f) To institute and carry out executive development programs at different levels of management in various functional areas. Further to run centers for training workers in social welfare areas so as to benefit the society at large.
- g) To encourage those of the disadvantaged to acquire knowledge by instituting scholarship, free-ship, grants for such persons.
- h) To undertake and execute various schemes sponsored by Social Work

Department of the Government of India and Maharashtra.

3) **Autonomous Status and Accreditation:**

The Autonomous Status was granted in the year June 1995 by the Shivaji University, Kolhapur and UGC in concurrence with Government of Maharashtra. The Autonomous Status has been extended by Shivaji University for period of six years i.e. 2011-12 to 2016-17 vide letter no. SU/PG. AFFI/Autonomous/3395, 17/07/2012. The Institute has undertaken number of academic and extracurricular activities during the year 2017-18.

It gives us immense pleasure to inform that CSIBER has been re-accredited for five years and awarded “A” grade (Institutional CGPA Score: 3.19) by the National Assessment and Accreditation Council (NAAC), Bangalore vide its letter no. NAAC/A&A/Outcome/2010 dt. 26th April 2010. The committee visited the Institute between 18th – 20th March 2010.

The admissions for the Academic year 2017-18, started with advertisement for admission to various courses in local and national news papers from November 2014 for MBA - ATMA Examination and for all other courses from April & May 2015. The students response for admission to the courses was encouraging. All the admissions were done on merit basis by following the Government Rules of reservation. The academic activities were carried out rigorously during the year and the total number of working days for the programmes varied between 190 to 200 days excluding the days for examinations. Special programmes were conducted to enhance the communication skills of the students. For weak students extra classes were engaged. CSIBER faculty has accepted the challenge to train and mould the students into efficient human capital for growth of the individuals and the country. At the same time the management of the Institute volunteered to enter into agreement with Cambridge University Press for introducing a compulsory course entitled BEC (Business English Certification). The fees of Rs. 3000/- per student are borne by the CSIBER Trust. In addition to regular academic activities, extracurricular activities for students were also conducted. The placement activities in the year were quite encouraging and students were placed in different business organizations, NGOs and Cooperatives. The MBA & MCA placements were good and encouraging.

The faculty members were encouraged to join Refresher Courses, Seminars, Conferences, Workshops and Training Programmes, which facilitated the interface with outside world. The meetings of all committees were conducted as per schedule and wherever necessary syllabi were changed taking into consideration the changing socio-economic and political environment of the country.

4) CPE and Progress :

The imagination, new ideas and innovations at CSIBER under able guidance of Late Hon. President Prof. Dr. A.D. Shinde culminated in CSIBER achieving an enviable status of **“College with Potential for Excellence” (CPE) by UGC, New Delhi**. (F.No.17-25/2006 (NS/PE), dt. 29th May 2006 and D.O. No. F-12-1-2004 (vol. II) (NSPE), dt. 28th September 2006. The CPE status continued for the second phase too, k 2010-15. Finally, under the 12th Plan period 2015-20 the UGC, New Delhi has conferred the CPE status under third phase. The most significant achievement of 2016-17 academic year is that the CSIBER achieved the academic excellence A+ grade, reaccredited by NAAC, Bangalore

To maintain high standards and high performance of an Institute imparting professional education, three things are most important. Firstly, continuous development of faculty through workshops/ seminars/ research and faculty development programmes. Secondly, the infrastructural development and use of latest technology in teaching pedagogy. And lastly, placement of students. During the academic year 2017-18, the Institute's achievements and progress on the above mentioned three criteria was commendable. Details of the individual department activities and events organized are presented in the departmental reports.

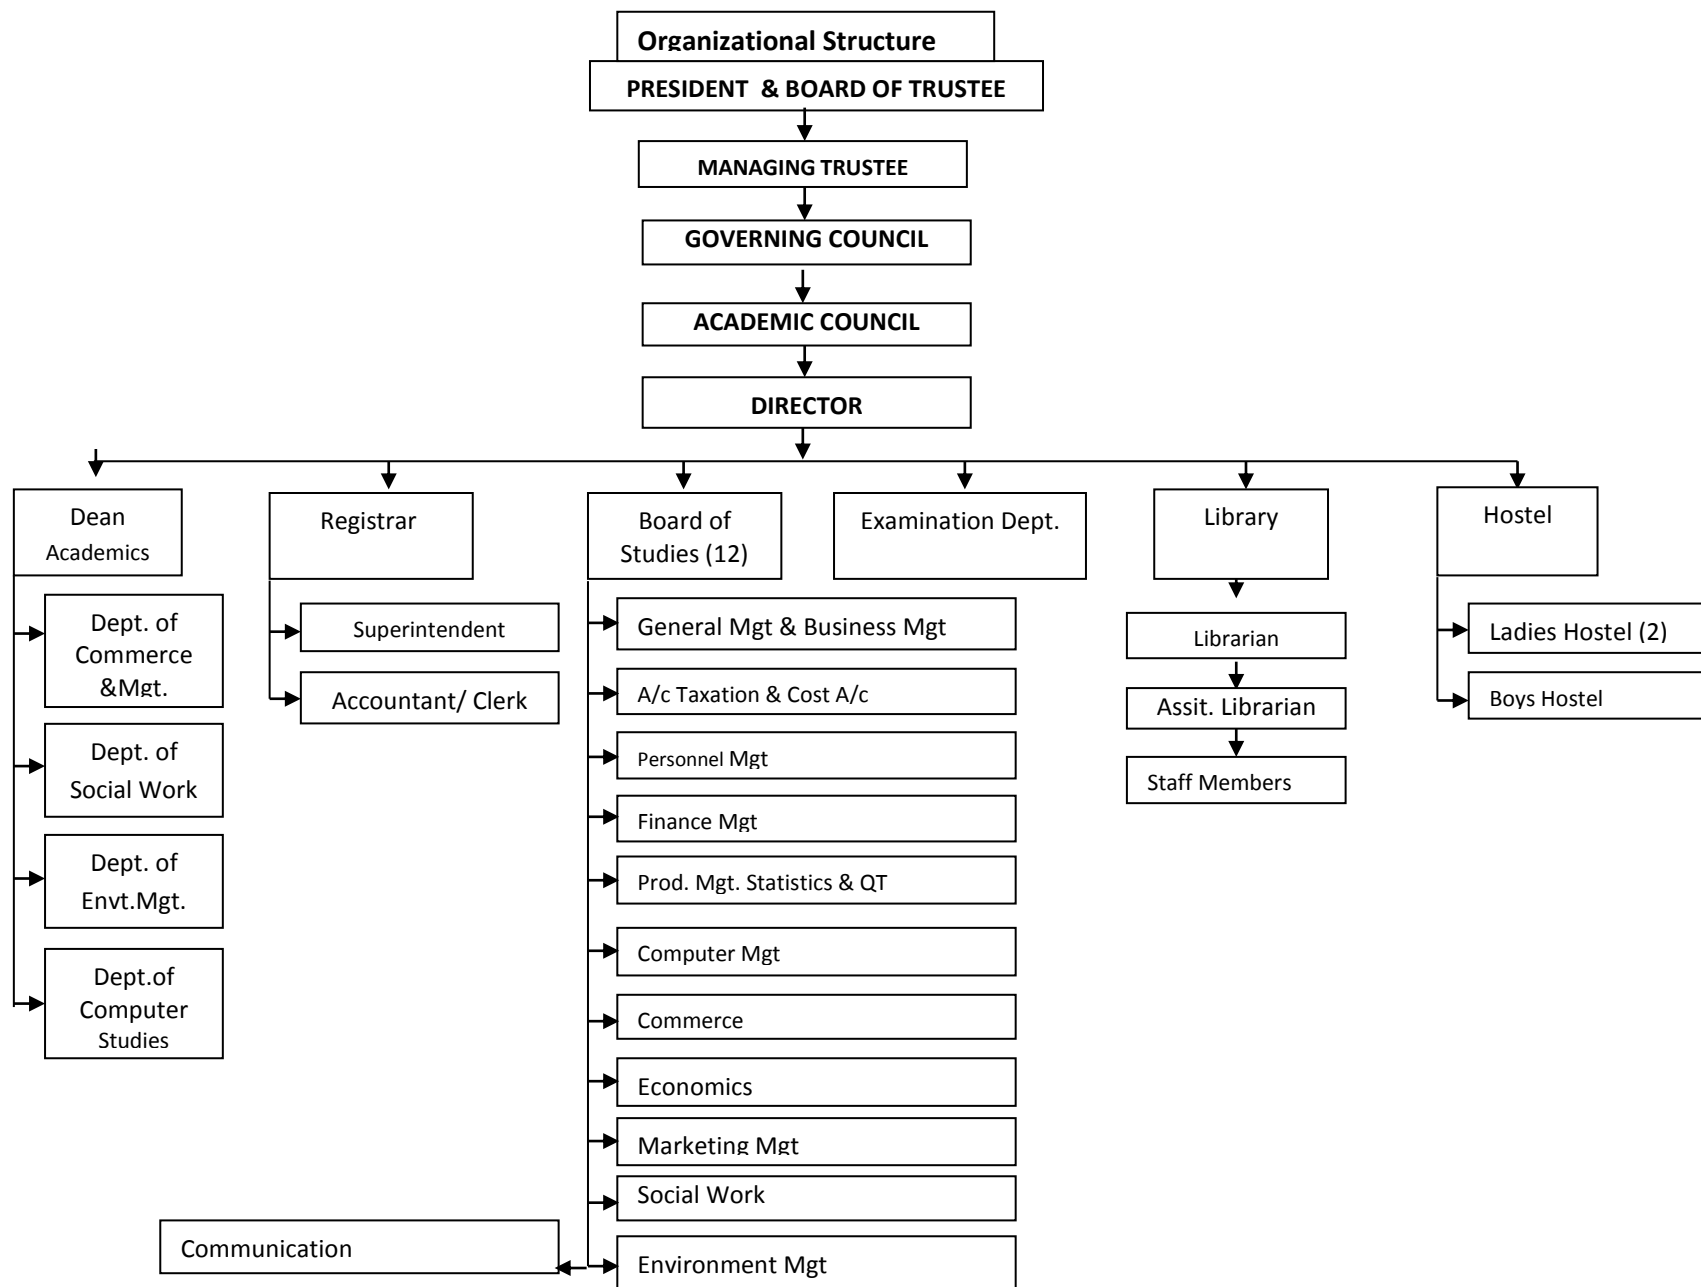

The Institute's Board of Trustee's and the Hon'ble Managing Trustee are forward looking, hence all the co-operation regarding infrastructural development is received as and when demanded. For the year 2017-18 all the classroom teaching aids have been replaced with the present technology. The Library enriched with 2,910 books making a total of 78,588 books. More than 100 PCs with latest configuration has been added to the existing computer labs leading to 475 PC's in all.

The Institute takes pride in providing all the facilities for the conduct of on-line examination carried out by AICTE, IBPS, ATMA, TCS, and Symbiosis. The Institute has signed a MOU with Symbiosis for conducting their on-line examinations throughout the year. TCS has outsourced computer services to our Institute.

We are thankful to the President, Board of Trustees of CSIBER Trust, Authorities of UGC and AICTE and the University for their Co-operation.

I am grateful to all the Heads of the Departments and Faculty members for successfully conducting the academic and extracurricular activities during the year.

9.0 Efforts for Communication Skills (in details)

Utkarsh - English Language Improvement Program

English Language is used as Link Language worldwide and has become an integral part of day to day life. With the increasing significance of English, it is essential for the students to get equipped with the language for essential communication.

The debatable question is how much skillful and sure students feel about the usage of English language in a practical situation.

In spite of having a good theoretical knowledge, students fail to give their best during interviews, group discussions, interactions and communication in a real life situation due to difficulties in English language. This problem is intensely felt by students from vernacular / rural backgrounds and this becomes a hurdle in their career progression.

Apart from the influence of first language that hinders learning of communication skills in English, the teaching methodology also plays a vital role.

To overcome these difficulties, Utkarsh – English Language Improvement program is offered to the students. This training is indispensable for post-graduation students and has been introduced as a separate program. Modus operandi of this training is outcome based.

Objectives of the Program:

1. To communicate effectively and appropriately in real-life situation.

2. To use English effectively for study purpose across the curriculum.
3. To develop and integrate the use of the four language skills i.e. Reading, Listening, Speaking, Writing

15.0 In Brief Mention the Efforts Made & Assessment on The Following Criteria.**i) Curriculum Aspects**

Care is taken to update the syllabus as per the requirement of the industry. Hence constant industry Institute interaction is undertaken. The faculty members keep a watch and undertake the survey of the curriculum aspects adopted at the national level Institute, accordingly the syllabus is revised as and when the situation demands.

Alumni visits the Institute occasionally and suggests the Chairman, respective faculty regarding the updation accordingly. This feedback is communicated to the faculties in the meeting and open debate takes place. Based on the debate and authenticity of feedback the informal decision is taken. It gets formalized through BOS and Academic Council meetings. To further formalize and strengthen the process Alumni is officially registered.

Teaching Learning and Evaluation

The teaching activity is strictly adhered as per the approved calendar. Director of the Institute visits the class rooms without prior information and solicit the feedback from the students regarding the teaching and understanding by the students.

Similarly the formal feedback is taken with the help of 'Software' at MBA computer lab.

Each individual faculty member adopts his own method of taking feedback to achieve the teaching learning objective. The class coordinators and class representatives have a frequent interaction to get the feedback.

Students are evaluated on continuous basis – through internal assessment system as well trimester term end examination. In this process the weak students are identified and remedial classes are held to make teaching learning effective and upgrade the students. The remedial classes are conducted before the term end examination. To keep track of effective teaching learning process the faculty member interact with the students, mentor the students and counsel the students regularly.

For effective and efficient teaching the management takes cognizance of faculty development. Hence the faculty members are deputed to various premier Institutes wherever the refresher courses / FDP's / QIP's / MDP's / Seminars / Workshop's/ Symposium are conducted. Faculty members in groups are also deputed to premier Institutes to upgrade knowledge regarding recent trends in these subjects as well as to have cross cultural exchange of ideas and teaching pedagogies. Many a times the senior faculty members mentor, guide the junior faculty members regarding effective teaching.

ii) Research Consultancy and Extension

Faculty members are actively involved not only in teaching but also in research, consultancy and extension activities.

Extension services are in the form of guest lectures by faculty members organized by various NGO's, Rotary clubs and social organizations. Extension activities for the students on the campus is in the form of meditation and Yoga classes organised at the Boys Hostel as well as auditorium of Institute.

iii) Infrastructure and Learning Resources

The Institute has set up Video Conferencing facility and few sessions through this facility has been carried out.

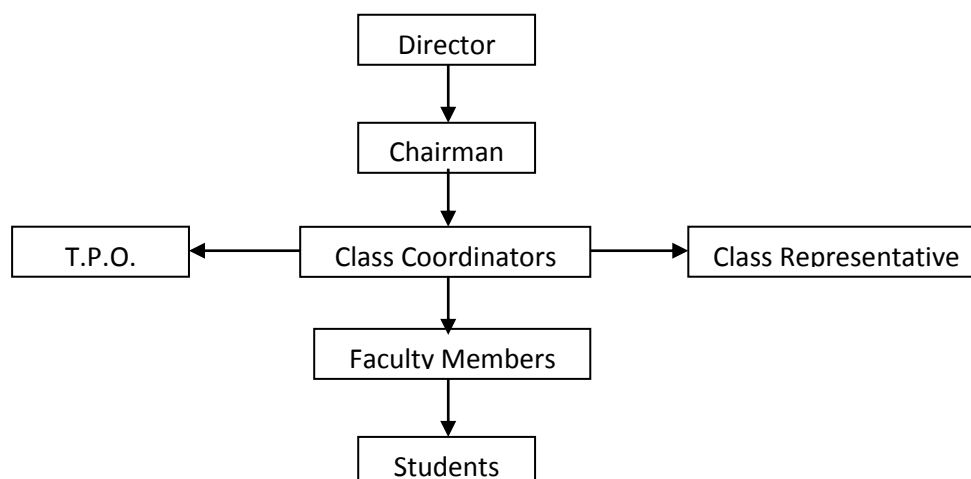

iv) Student Support & Progression

For the progress of the student all possible academic support is extended. The weak students are given extra tutoring to bring them on par with the other students. The concept of SDLL and CPSD is adopted and implanted for the entire student community of MBA. Students weak in oral communication are guided through language laboratory. Students are given an opportunity to organize and conduct various events such as welcome, farewell, seminars, guest lectures etc.

Training and placement officer keep track of past students and guide them in their career progress through various sources as visits to organizations (where students are placed), mail, telephonic talks.

v) Governance and Leadership

Governance of the Management Department follows the structure given below:

vi) Innovative Practices

Faculty members are on the constant watch out of innovative practices to be adopted during teaching learning process. A number of innovative practices have been adopted such as:

1) Finance curriculum is taught by asking the students to collect the financial information of various companies and bring the same to class room teaching. For understanding the concept of share market functioning simulation exercises are conducted in classrooms.

2) For testing oral communication capability the cards / kits are prepared.

A number of films are also exhibited in the classroom for conceptual clarification.

16.0 OTHER INITIATIVES**Mentorship Program- Mantrana**

“Mentoring is to support and encourage people to manage their own learning in order that they may maximise their potential, develop their skills, improve their performance and become the person they want to be.” Eric Parsloe, the Oxford School of Coaching & Mentoring.

As a matter of first importance, the Mentoring Program is designed to give an effective communication platform and valuable guidance to the students. It empowers students to get information and aptitudes inaccessible inside the classroom from experienced Mentors. Mentees can additionally advantage by upgrading their management abilities and get a direction on the way to progress through various interactions. This program additionally furnishes mentors and mentees with a valuable opportunity to fashion deep rooted companionships and associations, making the students of CSIBER Mr.icient.

Skill Development Programmes for better employability

- **Aptitude Test**

One of the best competitive advantages for students in today's competitive environment is to know their own strengths or natural abilities. Aptitude tests by different companies are designed to predict someone's potential to learn or acquire the skills to perform specific tasks. In addition to practical and theoretical knowledge of different subjects in computer science, it is important for students to know themselves and gauge their aptitude. In career planning, this constitutes the first step to self-analysis and the job search itself. We conduct aptitude tests for students, teach them how to solve the examples, shortcuts for solving problems to find answers quickly and accurately. The aptitude tests enable the students boost their confidence in facing technical aptitude tests, logical reasoning test, verbal ability tests, general knowledge tests and placement papers of various multinational IT **companies**

- **Project Design and Development:**

Computer students are required to do project in every semester, considering the knowledge of MCA –I year students about the project development, the PDD was included as an additional knowledge to the students. The PDD was conducted by Mrs.K.S.Mahajan to give knowledge about how to design and develop project. This helped them to develop projects systematically.

(Mention date of advertisement, admission committee, GDPI Activities, Display of merit list etc., total number of students etc.)

A] MSW PROGRAMME:

Admission Activities:

The admission process for MSW course 2017-18 begun with advertisement for MSW admission in daily news papers viz. Pudhari, Lokmat, Maharashtra Times, Times of India, published during 3rd week of May and second week of June, 2017.

Total no of applicants	:	220
No. of students appeared	:	213
No. of students selected	:	120
(Category wise list - table follows)		
No. of Students selected against Cancellation	:	11

In all 220 applications were received and out of which 213 candidates appeared for entrance test scheduled on 28/6/2017 and subsequently personal interviews were held on the same day from 2pm onwards. Written Examination was conducted in 8 blocks. The written paper consisted of objective type (80 marks) and descriptive type questions (20 marks). Personal interviews (50 marks) were conducted by eight panels, consisting of faculty members of social work. Out of 213 students, 6 candidates did not appear for interview.

Hence 207 candidates were considered for selection. The entrance examination and personal interview marks were consolidated by Dr. P.S. Randive, Dr. S.V. Shirol and Dr.D.M.Bhosale and Dr. K. Pradeep Kumar.

The merit list was prepared, (with the help of EXCEL software) by strictly following the Government of Maharashtra admission norms and Shivaji University guidelines. Accordingly 50 percent open seats were filled from consolidated merit list consisting of all the 207 eligible applicants. The reserved category candidates who are selected under the first merit list were treated as open category (as per rule). The remaining 50 percent seats were exclusively allotted to the recognized reservation categories as per Government rules and selection was based on merit. The vacant seats against reserved category are filled by other reservation category based on merit.

B] Rural Camp

CAMP REPORT : 2017 - 2018

The D.K. Shinde School of Social Work organized a Rural Camp for MSW-I year students at Admapur village Bhudargad Taluka from 8th to 13th Feb 2018. The basic objective of the rural camp is to give a feel of rural life in Indian villages, to the students of social work. Many of the students after completing the course, work on government projects being implemented in the rural areas. So to acquaint them with the conditions of rural life the students are taken to the rural camp in the first year.

The entire camp was co-ordinated by Dr. S.V .Shirol, Head Dept. of Social work Dr. K Pradeep Kumar, Dr. T. V. G. Sarma, Prof.Dr. S.S.Apate & Dr.(Mrs.) Kalnidi Ranbhare . The other faculty members and Non Teaching staff visited the camp for encouraging and motivating the students.

17.0 In Brief Mention the Efforts made & Assessment on the following Criteria

i) Curriculum Aspects :

Care is taken to update the syllabus as per the requirement of the industry. Hence constant industry Institute interaction is undertaken. The faculty members keep a watch and under take the survey of the curriculum aspects adopted at the national level Institute, accordingly the syllabus is revised as and when the situation demands.

Alumni visits the Institute occasionally and suggests the Chairman, respective faculty regarding the updation accordingly. This feedback is communicated to the faculties in the meeting and open debate takes place. Based on the debate and authenticity of feedback the

informal decision is taken. It gets formalized through BOS and Academic Council meetings. To further formalize and strengthen the process Alumni is officially registered.

ii) Teaching, Learning & Evaluation :

The teaching activity is strictly adhered as per the approved calendar. Director of the Institute visits the class rooms without prior information and solicit the feedback from the students regarding the teaching and understanding by the students.

Similarly the formal feedback is taken with the help of 'Software' at MBA computer lab.

Each individual faculty member adopts his own method of taking feedback to achieve the teaching learning objective. The class coordinators and class representatives have a frequent interaction to get the feedback.

Students are evaluated on continuous basis – through internal assessment system as well trimester term end examination. In this process the weak students are identified and remedial classes are held to make teaching learning effective and upgrade the students. The remedial classes are conducted before the term end examination. To keep track of effective teaching learning process the faculty member interact with the students, mentor the students and counsel the students regularly.

For effective and efficient teaching the management takes cognizance of faculty development. Hence the faculty members are deputed to various premier Institutes wherever the refresher courses / FDP's / QIP's / MDP's / Seminars / Workshop's/ Symposium are conducted. Faculty members in groups are also deputed to premier Institutes to upgrade knowledge regarding recent trends in these subjects as well as to have cross cultural exchange of ideas and teaching pedagogies. Many a times the senior faculty members mentor, guide the junior faculty members regarding effective teaching.

iii) Research Consultancy & Extension :

Faculty members are actively involved not only in teaching but also in research, consultancy and extension activities.

iv) Infrastructure & Learning resources:

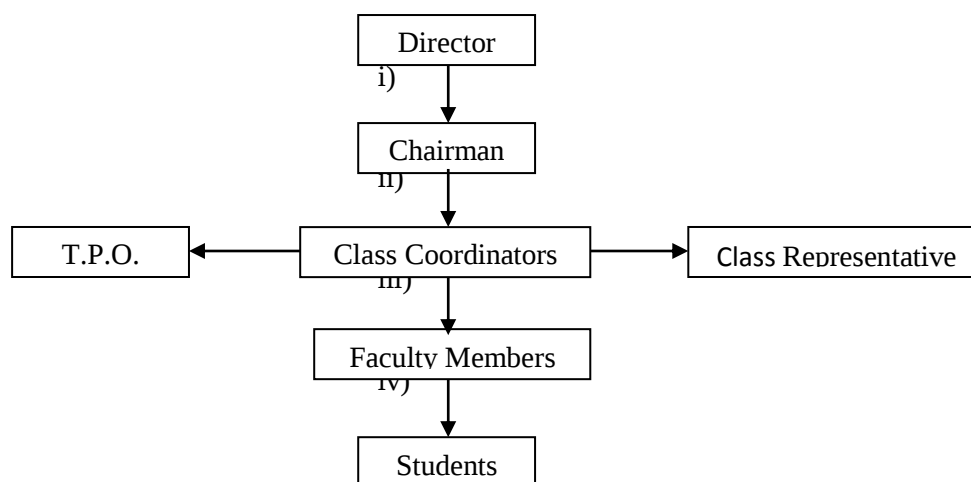

The Institute has set up Video Conferencing facility and few sessions through this facility has been carried out.

v) Student Support & Progression :

For the progress of the student all possible academic support is extended. The weak students are given extra tutoring to bring them on par with the other students. The concept of SDLL and CPSD is adopted and implanted for the entire student community of MBA. Students who are weak in oral communication are guided through language laboratory. Students are given an opportunity to organize and conduct various events such as welcome, farewell, seminars, guest lectures etc.

Training and placement officer keep track of past students and guide them in their career progress through various sources as visits to organizations (where students are placed), mail, telephonic talks.

vi) Governance & Leadership : Governance of the Management Department follows the structure given below:

**vii) Innovative Practices :**

Faculty members are on the constant watch out of innovative practices to be adopted during teaching learning process. A number of innovative practices have been adopted such as:

- a) The curriculum, ISPE is implemented by identifying new recent debatable topics being explored and assigned to students and make students present the same in form of seminar presentation.
- b) Finance curriculum is taught by asking the students to collect the financial information of various companies and bring the same to class room teaching. For understanding the concept of share market functioning simulation exercises are conducted in classrooms.

c) For testing oral communication capability the cards / kits are prepared.

In order to have a practical exposure towards marketing curriculum each student is given a product item and is asked to study the details of it and make the presentation of the same.

A number of films are also exhibited in the classroom for conceptual clarification.

viii) Farewell function

The students of first year of MBA & M.Sc. organized Farewell Function for the outgoing batch of MBA-II & M.Sc- II With heavy hearts we bid farewell to our students of second year and wished them luck for their future. The function was organized on 31 March, 2018 at 3:00 a.m. on campus. The students were welcomed with flowers and welcome drink. The function comprised of different entertainment programmes. First year students also presented gifts to their seniors to show their love towards them. The second year students were nostalgic and thoroughly enjoyed the programme. All Faculty members were present for the function. The function was followed by Dinner.

I. EXAMINATION DEPARTMENT

II. ANNUAL REPORT FOR ACADEMIC YEAR 2017 – 2018

CSIBER became autonomous in 1995 and the need of the separate department of examination was felt. In pursuance of the need the examination department started functioning in the same year. Since then it is conducting examinations for the different post graduate management programmes.

Paper setting work is done by internal and external paper setters jointly in the examination department only. Likewise the central assessment of answer books is also done in the department. The brief summary of the different activities conducted by the examination department are as follows.
