- 4. To equip the student community, through academic autonomy to face future challenges.
- 5. To inculcate the spirit of dignity of the individual, excellence and service.

DIRECTOR'S REPORT

Dear Friends,

I take pleasure in presenting this Annual Report – 2015-16. We at CSIBER strive to be benevolent in all the academic pursuits carried out on the Institute's campus. This annual report is the reflection of our CSIBER family members who work with all the dedications and religiousness. The corporate values taught in the class is being exhibited in this annual report in the form of achievements of the faculty and the students. Our teaching faculty inspire the students to get involved in the learning process as well excel themselves in the cocurricular and extracurricular activities. Hosting of cultural events is a regular feature of CSIBER. Being Autonomous has helped us a lot to introduce new subjects at various courses, improve upon teaching pedagogy and experiment with new ideas to make the teaching learning process more effective. The research work carried out by our faculty is commendable. The present annual report highlighting all our activities and achievements shall remain as a benchmark for future.

1) Introduction:

Chhatrapati Shahu Institute of Business Education & Research Trust, Kolhapur was established in the year 1976 by Prof. Dr. A.D. Shinde, renowned Chartered Accountant and the then Dean of Commerce Faculty, to cater the needs of professional education in Kolhapur, Satara, Sangli Districts of Maharashtra and the border areas of neighboring states.

2) Aims and Objectives of the Trust:

- a) To propagate secular education at post graduate and under-graduate level in Commerce, Management, Computer, Education, Social Sciences, Technical, Agricultural & others.
- b) To inculcate and advance research among all types of education streams.
- c) To provide substantial facilities to the students in the form of teaching, library, residential, co-curricular, extra curricular, sports etc. for the development and enhancement of the complete personality of the students community.
- d) To induct such courses as would help to improve rural commerce and life in general, such as Agri-Business Management and Rural Development, Agro-Economics and Farm Management and other allied subjects.
- e) To start such institutions in the rural areas that would help in the growth and development of the areas.
- f) To institute and carry out executive development programs at different levels of management in various functional areas. Further to run centers for training workers in social welfare areas so as to benefit the society at large.
- g) To encourage those of the disadvantaged to acquire knowledge by instituting scholarship, free-ship, grants for such persons.
- h) To undertake and execute various schemes sponsored by Social Work Department

of the Government of India and Maharashtra.

Institutions / Colleges run by CSIBER Trust:

- a) CSIBER Chhatrapati Shahu Institute of Business Education & Research, Kolhapur. (An Autonomous Institute).

3) Autonomous Status and Accreditation:

The Autonomous Status was granted in the year June 1995 by the Shivaji University, Kolhapur and UGC in concurrence with Government of Maharashtra. The Autonomous Status has been extended by Shivaji University for period of six years i.e. 2011-12 to 2016-17 vide letter no. SU/PG. AFFI/Autonomous/3395, 17/07/2012. The Institute has undertaken number of academic and extra curricular activities during the year 2015-16.

It gives us immense pleasure to inform that CSIBER has been re-accredited for five years and awarded "A" grade (Institutional CGPA Score: 3.19) by the National Assessment and Accreditation Council (NAAC), Bangalore vide its letter no. NAAC/A&A/Outcome/2010 dt. 26^{th} April 2010. The committee visited the Institute between $18^{th} - 20^{th}$ March 2010.

The admissions for the Academic year 2015-16 started with advertisement for admission to various courses in local and national news papers from November 2014 for MBA - ATMA Examination and for all other courses from April & May 2015. The students response for admission to the courses was encouraging. All the admissions were done on merit basis by following the Government Rules of reservation. The academic activities were carried out rigorously during the year and the total number of working days for the programmes varied between 190 to 200 days excluding the days for examinations. Special programmes were conducted to enhance the communication skills of the students. For weak students extra classes were engaged. CSIBER faculty has accepted the challenge to train and mould the students into efficient human capital for growth of the individuals and the country. At the same time the management of the Institute volunteered to enter into agreement with Cambridge University Press for introducing a compulsory course entitled BEC (Business English Certification). The fees of Rs. 3000/- per student are borne by the CSIBER Trust. In addition to regular academic activities, extracurricular activities for students were also conducted. The placement activities in the year were quite encouraging and students were placed in different business organizations, NGOs and Cooperatives. The MBA & MCA placements were good and encouraging.

The faculty members were encouraged to join Refresher Courses, Seminars, Conferences, Workshops and Training Programmes, which facilitated the interface with outside world. The meetings of all committees were conducted as per schedule and wherever necessary syllabi were changed taking into consideration the changing socio-economic and political environment of the country.

4) CPE and Progress:

The imagination, new ideas and innovations at CSIBER under able guidance of Late Hon. President Prof. Dr. A.D. Shinde culminated in CSIBER achieving an enviable status of <u>"College with Potential for Excellence" (CPE) by UGC, New Delhi"</u>. (F.No.17-25/2006 (NS/PE), dt. 29th May 2006 and D.O. No. F-12-1-2004 (vol. II) (NSPE), dt. 28th September 2006. The CPE status

continued for the second phase too,k 2010-15. Finally, under the 12th Plan period 2015-20 the UGC, New Delhi has conferred the CPE status under third phase. The most significant achievement of 2016-17 academic year is that the CSIBER achieved the academic excellence **A+** grade, reaccrediated by NAAC, Banglore

To maintain high standards and high performance of an Institute imparting professional education, three things are most important. Firstly, continuous development of faculty through workshops/ seminars/ research and faculty development programmes. Secondly, the infrastructural development and use of latest technology in teaching pedagogy. And lastly, placement of students. During the academic year 2015-16, the Institute's achievements and progress on the above mentioned three criteria was commendable. Details of the individual department activities and events organized are presented in the departmental reports.

The Institute's Board of Trustee's and the Hon'ble Managing Trustee are forward looking, hence all the co-operation regarding infrastructural development is received as and when demanded. For the year 2015-16 all the classroom teaching aids have been replaced with the present technology. The Library enriched with 2,910 books making a total of 78,588 books. More than 100 PCs with latest configuration has been added to the existing computer labs leading to 475 PC's in all.

The Institute takes pride in providing all the facilities for the conduct of on-line examination carried out by AICTE, IBPS, ATMA, TCS, and Symbiosis. The Institute has signed a MOU with Symbiosis for conducting their on-line examinations through out the year. TCS has outsourced computer services to our Institute.

We are thankful to the President, Board of Trustees of CSIBER Trust, Authorities of UGC and AICTE and the University for their co-operation.

I am grateful to all the Heads of the Departments and Faculty members for successfully conducting the academic and extra curricular activities during the year.

A Committee was formed to process the merit list on computer by considering all the State Government rules for reservation, consisting of 09 members. Merit list was prepared based on the marks obtained by the students in B.Com degree, which was put up on the Notice Board as well as published on the website of SIBER on 9/06/2016.

This will be followed by counseling, verification of records and final admission as per the following schedule -

Date (At 11.00 a.m. Every Day) Activity / Counseling

09/06/2016	Display of Merit list at SIBER						
	All reserved category students to report with all necessary documents and Proofs. (Outside Universities in Maharashtra- OUM						
	and Shivaji University Students)						
13/06/2016	All Open category from Shivaji University						
	OUM (Other Universities in Maharashtra)						
	OMS (Outside Maharashtra State)						
	Admissions for vacant seats if any						

Even though there was a management quota of 20 percent seats to SIBER Management as per rules of State Government it was not used by the Management and hence percentage wise allocation during the year 2016-17 is as follows: Home University (Shivaji University) OUM (Other Universities in Maharashtra State) OMS (Outside Maharashtra State)

The admissions in CSIBER were strictly allotted on Merit basis & all the State Government rules for reservation were applicable to the admission process for the year 2016-17. In all students were admitted for the academic year 2016-17.

15.0 In Brief Mention the Efforts Made & Assessment on The Following Criteria.

i) Curriculum Aspects

Care is taken to update the syllabus as per the requirement of the industry. Hence constant industry Institute interaction is undertaken. The faculty members keep a watch and undertake the survey of the curriculum aspects adopted at the national level Institute, accordingly the syllabus is revised as and when the situation demands.

Alumni visits the Institute occasionally and suggests the Chairman, respective faculty regarding the updation accordingly. This feedback is communicated to the faculties in the meeting and open debate takes place. Based on the debate and authenticity of feedback the informal decision is taken. It gets formalized through BOS and Academic Council meetings. To further formalize and strengthen the process Alumni is officially registered. New CBCS pattern is going tobe implemented from next academic year i.e. 2017-18, also

ii) Teaching Learning and Evaluation

The teaching activity is strictly adhered as per the approved calendar. Director of the Institute visits the class rooms without prior information and solicit the feedback from the students regarding the teaching and understanding by the students. Similarly the formal feedback is taken with the help of 'Software' at MBA computer lab.

Each individual faculty member adopts his own method of taking feedback to achieve the teaching learning objective. The class coordinators and class representatives have a frequent interaction to get the feedback.

Students are evaluated on continuous basis – through internal assessment system as well trimester term end examination. In this process the weak students are identified and remedial classes are held to make teaching learning effective and upgrade the students. The remedial classes are conducted before the term end examination. To keep track of effective teaching learning process the faculty member interact with the students, mentor the students and counsel the students regularly.

For effective and efficient teaching the management takes cognizance of faculty development. Hence the faculty members are deputed to various premier Institutes wherever the refresher courses / FDP's / QIP's / MDP's / Seminars / Workshop's/ Symposium are conducted. Faculty members in groups are also deputed to premier Institutes to upgrade knowledge regarding recent trends in these subjects as well as to have cross cultural exchange of ideas and teaching pedagogies. Many a times the senior faculty members mentor, guide the junior faculty members regarding effective teaching.

iii) Research Consultancy and Extension

Faculty members are actively involved not only in teaching but also in research, consultancy and extension activities. Faculty members guide M.Phil students as well as Ph.D. registered students. Most of the faculty members do undertake minor research projects funded by the Western Region, UGC Pune. On an average the faculty members guide 3-4 M.Phil students and a quota of 8 Ph.D. research scholars. Few faculty members are involved in consultancy services Area of consultation are Marketing, IT, Finance.

Extension services are in the form of guest lectures by faculty members organized by various NGO's, Rotary clubs and social organizations. Extension activities for the students on the campus is in the form of meditation and Yoga classes oragnised at the Boys Hostel as well as auditorium of Institute.

iv) Infrastructure and Learning Resources

The Institute has set up Video Conferencing facility and few sessions through this facility has been carried out.

v) Student Support & Progression

For the progress of the student all possible academic support is extended. The weak students are given extra tutoring to bring them on par with the other students. The concept of SDLL and CPSD is adopted and implanted for the entire student community of MBA. Students weak in oral communication are guided through language laboratory. Students are given an opportunity to organize and conduct various events such as welcome, farewell, seminars, guest lectures etc. Training and placement officer keep track of past students and guide them in their career progress through various sources as visits to organizations (where students are placed), mail, telephonic talks.

vi) Governance and Leadership

Governance of the Management Department follows the structure given below:

Institute Magazine: "Reflections 2016"

The annual Institute magazine 'Reflections' for the year 2016 was published last year. The magazine provides a platform to our students to showcase their writing skills, express feelings and opinions about various problems in the society. Students were asked to submit their contributions in the form of articles, essays, poems, jokes etc. We got an overwhelming response from the students in this regard.

The magazine contains highlights of departmental activities that toohgk place last year. It also contains photographs of different cultural and sports events that took place in the Institute. We also compiled testimonials of our Alumini in which they have expressed gratitude towards the Institute. The editor of the Magazine was Mrs. M.K Mane.

The magazine was appreciated by all.

10.0 Workshop for MCA Students:

Short Term Course on Advanced Web Technologies (JQuery, AJAX, JSON and Angular JS) for MCA-III students

Considering the importance of advanced web technologies in the market today and the fact that current MCA curriculum is missing out this important component a short term certificate course on Android was conducted for MCA-III students by Dr. P.G.Naik providing the overview of this cutting edge technology. This course was aimed at providing better placement opportunities and improving employability for MCA – III students. The course duration was 10 Hours focusing mainly on basic concepts followed by 5 practical sessions.

• Short Term Course on Python Programming for MCA-II students:

Considering the importance and popularity of analytics and data science in the IT industry, a short term certification course on "Python Programming" was conducted for MCA –II students by Mrs. K.S.Mahajan and Mrs. S.S.Jamsandekar, which was not in the MCA curriculum. This short term course helped student to became aware of the cutting edge technology and will help them to take interest to make carrier option. The course duration was 15 Hours focusing on basic and advanced concepts followed by 10 practical sessions.

• One Day Workshop on Analytics with R for MCA-III students

One day workshop on "Analytics with R" for students of MCA III was organized on 8th October, 2016 by Dr.R.S.Kamath. The workshop has explored basic analytical tools and techniques with R and Rattle. The workshop comprised theoretical concepts, illustrations, infographics, exploratory data analysis, model development with R and Rattle.

"Two day workshop on Internet of Things" for students of MCA III on 30th and 31st Aug 2016. Mr. Dinesh Tavsalkar, Indian Technology Group, Mumbai.

3 Day Workshop on "Big Data and Hadoop Analytics

3 day Workshop on "Big Data and Hadoop Analytics" was organized from 28th Feb to 2nd March 2017, as a part of National Winter Training Programme -2017 in association with Cognizance IIT Roorkee. The workshop was conducted for MCA part II semester IV students and the resource person for the workshop was Animesh Yadav, Sr. Hadoop Developer & Analyst, Finland Labs New Delhi.

Skill Development Programmes for better employability

Aptitude Test

One of the best competitive advantages for students in today's competitive environment is to know their own strengths or natural abilities. Aptitude tests by different companies are designed to predict someone's potential to learn or acquire the skills to perform specific tasks. In addition to practical and theoretical knowledge of different subjects in computer science, it is important for students to know themselves and gauge their aptitude. In career planning, this constitutes the first step to self-analysis and the job search itself. We conduct aptitude tests for students, teach them how to solve the examples, shortcuts for solving problems to find answers quickly and accurately. The aptitude tests enable the students boost their confidence in facing technical aptitude tests, logical reasoning test, verbal ability tests, general knowledge tests and placement papers of various multinational IT companies

• Project Design and Development:

Computer students are required to do project in every semester, considering the knowledge of MCA –I year students about the project development, the PDD was included as an additional knowledge to the students. The PDD was conducted by Mrs.K.S.Mahajan to give knowledge about how to design and develop project. This helped them to develop projects systematically.

17.0 In Brief Mention the Efforts made & Assessment on the following Criteria

i) Curriculum Aspects:

Care is taken to update the syllabus as per the requirement of the industry. Hence constant industry Institute interaction is undertaken. The faculty members keep a watch and under take

the survey of the curriculum aspects adopted at the national level Institute, accordingly the syllabus is revised as and when the situation demands.

Alumni visits the Institute occasionally and suggests the Chairman, respective faculty regarding the updation accordingly. This feedback is communicated to the faculties in the meeting and open debate takes place. Based on the debate and authenticity of feedback the informal decision is taken. It gets formalized through BOS and Academic Council meetings. To further formalize and strengthen the process Alumni is officially registered.

ii) Teaching Learning & Evaluation:

The teaching activity is strictly adhered as per the approved calendar. Director of the Institute visits the class rooms without prior information and solicit the feedback from the students regarding the teaching and understanding by the students.

Similarly the formal feedback is taken with the help of 'Software' at MBA computer lab.

Each individual faculty member adopts his own method of taking feedback to achieve the teaching learning objective. The class coordinators and class representatives have a frequent interaction to get the feedback.

Students are evaluated on continuous basis – through internal assessment system as well trimester term end examination. In this process the weak students are identified and remedial classes are held to make teaching learning effective and upgrade the students. The remedial classes are conducted before the term end examination. To keep track of effective teaching learning process the faculty member interact with the students, mentor the students and counsel the students regularly.

For effective and efficient teaching the management takes cognizance of faculty development. Hence the faculty members are deputed to various premier Institutes wherever the refresher courses / FDP's / QIP's / MDP's / Seminars / Workshop's/ Symposium are conducted. Faculty members in groups are also deputed to premier Institutes to upgrade knowledge regarding recent trends in these subjects as well as to have cross cultural exchange of ideas and teaching pedagogies. Many a times the senior faculty members mentor, guide the junior faculty members regarding effective teaching.

iii) Research Consultancy & Extension:

Faculty members are actively involved not only in teaching but also in research, consultancy and extension activities.

iv) Infrastructure & Learning resources:

The Institute has set up Video Conferencing facility and few sessions through this facility has been carried out.

v) Student Support & Progression:

For the progress of the student all possible academic support is extended. The weak students are given extra tutoring to bring them on par with the other students. The concept of SDLL and CPSD is adopted and implanted for the entire student community of MBA. Students weak in oral communication are guided through language laboratory. Students are given an opportunity to organize and conduct various events such as welcome, farewell, seminars, guest lectures etc. Training and placement officer keep track of past students and guide them in their career progress through various sources as visits to organizations (where students are placed), mail, telephonic talks.

vi) Governance & Leadership:

Governance of the Management Department follows the structure given below:

vii) Innovative Practices:

Faculty members are on the constant watch out of innovative practices to be adopted during teaching learning process. A number of innovative practices have been adopted such as:

- a) The curriculum, ISPE is implemented by identifying new recent debatable topics being explored and assigned to students and make students present the same in form of seminar presentation.
- b) Finance curriculum is taught by asking the students to collect the financial information of various companies and bring the same to class room teaching. For understanding the concept
 - of share market functioning simulation exercises are conducted in classrooms.
- c) For testing oral communication capability the cards / kits are prepared.

 In order to have a practical exposure towards marketing curriculum each student is given a product item and is asked to study the details of it and make the presentation of the same.

A number of films are also exhibited in the classroom for conceptual clarification.

viii) Farewell function

The students of first year of MBA & M.Sc. organized Farewell Function for the outgoing batch of MBA-II & M.Sc- II With heavy hearts we bid farewell to our students of second year and wished them luck for their future. The function was organized on 29 April, 2017 at 3:00 a.m. on campus. The students were welcomed with flowers and welcome drink. The function comprised of different entertainment programmes. First year students also presented gifts to their seniors to show their love towards them. The second year students were nostalgic and thoroughly enjoyed the programme. All Faculty members were present for the function. The function was followed by Dinner.
